

YEAR 11 TRANSITION RESOURCES

Subject: Starting work as a Site Carpentry Apprentice

Level: Level 2

Focus for this fortnight: Thinking about how you react and make decisions in the world of work

Please send questions / queries to: aholmes@eastleigh.ac.uk

Knowledge

. Are you aware of the different elements within in the carpentry trade? (Research and put together a list and what they do)

Can you tell me the types of tasks you think you will be expected to undertake as an apprentice? (Keep in mind your age, your experience and knowledge)

Can you tell me the types of tasks you think you will be expected to undertake as a qualified carpenter? (Make a list of tasks the trade would cover)

Are you aware of the weather condition that you would be expected to work in? (List conditions and how they would affect you and the work to be carried out)

Skills

Think about what skills you can bring to your employer list what you can do well Remember the employer and the college will train you for the job but what can you already do

If you had completed the task you have been set would you

- Ask for another task
- Check the task before showing your mentor
- Stand and wait until you are given another task
- Go and find your mentor, telling him you had completed the task and are ready for another job.

Behaviours

You have missed your lift to work/college what course of action would you take?

Would you consider that the college day is as important as the work days?

Are you aware that the working hours may have to be altered to complete the job would this be something you would be flexible with if required?

The list below is important in life work and education add a sentence to each title on why and how you would achieve this

- Respect
- Professionalism
- Resilience
- Ambition
- Attitude
