How to remove/forget the "eduroam" wireless network on:

Android

Click Settings > Wi-Fi > Select and hold your finger on "eduroam" > Select forget network.

iOS

Go to Settings > Wi-Fi > Select the info icon next to "eduroam" > Select Forget this Network.

macOS

Go to System Preferences > Network > Select Wi-Fi on the left > Select the Advanced button > Select the eduroam network from the list and then click on the minus button (-) to remove it from the list > Select OK > Select Apply.

Windows Phone

Settings -> Wi-Fi > in the list of Known networks, select and hold "eduroam" > Select Delete.

Windows Laptop

Windows 10:

- Open Settings and then click or tap Network & Internet.
- Click or tap Wi-Fi and then from the right pane, click or tap Manage Wi-Fi settings.
- Scroll down to the Manage known networks section.
- Select the eduroam network and click or tap Forget.

Windows 8:

- Access Settings and then choose the Wireless icon.
- Right-click on the eduroam network and choose Forget this Network.

Windows 7:

- Go to Start > Control Panel > Network and Internet > Network and Sharing Centre
- Choose Manage Wireless Networks from the options on the left.
- Highlight the eduroam network from the list and choose Remove.
